### Care Instructions

To keep your Coolhandkings shirt looking and feeling its best, follow these care instructions:

- **Wash in Cold Water:** Always wash your shirt in cold water to preserve its fit, color, and quality.
- **Hang to Dry:** Avoid the dryer, as the shirts will shrink when exposed to heat. Hanging them to dry is the best way to maintain their shape and size.
- **For a Perfect Fit:**
  - If the shirt fits you great, simply give it a quick shake and hang as is.
  - If the fit feels tight, you can gently stretch the shirt while it's wet. Stretch sideways at the shoulders, under the arms, and across the bottom. Then, stretch from the seam under the arm to the bottom of the shirt on both sides.
  - Once adjusted, shake the shirt out and hang it to dry.

By following these simple steps, you'll ensure your Coolhandkings shirt stays comfortable, stylish and ready for whatever your day holds.
